Profile

MSci Genetics with Data Science graduate focussed on data-driven and solution-oriented problem solving. Experienced in applying R and Python for analysis and statistical modelling and proficient in translating complex datasets into meaningful and actionable insights.

Skills

- Python (NumPy, Pandas, Matplotlib, PyTorch), R (Tidyverse), SQL, Bash, German language (B2), Office 365, project management, communication

Relevant Experience

MSci Candidate | Leibniz FMP Berlin | September 2023 - September 2024

- Year-long research placement and project management
- Project: Bioanalytical investigation of mechanisms of protein pyrophosphorylation
- MS/MS interpretation and analysis in R and Python, bioinformatic pipelines, technical reporting
- MSci Results: **91%** - research thesis, literature review, *viva voce*

BSc Student | University of Glasgow | September 2020 - June 2025

- Year 4 Modules: Core Genetics, Complex Genetic Traits, Bioinformatics and Statistics with R
- Data wrangling and analysis with R and Python, EDA, statistical modelling, machine learning
- BSc Dissertation: **91%** - Investigating genetic interactions in Fission Yeast

Research Intern | Glasgow Caledonian University | July 2018 - August 2018

- Analysis of downstream targets of Nrf2-mediated neuroprotection in Alzheimer's Disease.
- Methods: RT-qPCR and expression analysis with Excel

Education

University of Glasgow | MSci Genetics with Data Science (1st class) | 2020 - 2025

- **GPA 82%**
- 5-year BSc degree with 1-year integrated MSci placement
- Recipient of Undergraduate Talent scholarship - 1 of 50 per year
- Year 3 Genetics class representative

Inverclyde Academy | 2013 - 2019

Achievements

- *Dux* of Inverclyde Academy 2018 – top-ranking S5 student
- Inverclyde Music Festival 2019 winner – highest performance mark district-wide
- Inverclyde Recruit 2019 winner, a local program featuring 30+ business challenge days
- Young Enterprise 2019 winner - best Inverclyde team, social media presence, and business report

Other Work Experience

- Cancer Research UK | Volunteer | August 2022 – Present
- Tesco | Customer Assistant | September 2021 – May 2022
- McDonalds | Crew Member | February 2021 – September 2021
- Amazon | Warehouse Operative | April 2020 – August 2020
- Kilpatrick Blane Services Ltd | Servicing administrator | September 2019 – March 2020
- B&Q | Customer service assistant | June 2019 – September 2019

Interests

- Classical guitar (grade 8), languages (B2 German, A1 Arabic and French), Linux tinkering
